

INNOVATION IN THE FAST LANE

The Whann Technology Group owns, develops and manages software platforms, mobile applications and online marketplaces for auctions, dealers and consumers.

WhannTechnologyGroup.com

Stop by our booth at the **2013 NAAA Annual Convention**
Sept. 3-5, 2013 in Indianapolis.

See how we can help your auction
move generations ahead of your competition.

TECHNOLOGY IN OVERDRIVE

Available on the
App Store

Make quick and informed decisions in the auction lane and on the lot. A world-class barcode scanner enables views of valuation guides, market information, recall notices and vehicle history reports.
