## ABOUT THE ALPHA NETWORK

Alpha's mission is to create the premier peer networking organization in the technology startup community. Founded in Silicon Valley in 2005, the Alpha Network is a private, referral-based network for leading tech founders, CEOs, and industry thought leaders across North America. The network currently boasts an exclusive and diverse ecosystem of over 2,000 members that has inspired a legacy of knowledge sharing for over 15 years. With more than 50 highly curated events per year, across nine regions, Alpha brings together its talented, opinionated, and thoughtful members for roundtable dinner discussions, masterclasses, seed summits, and deep-dive conferences - including the annual Alpha Founders' Summit, and Seed Conferences.

**2,000+**  
members
